Frame Prop Nail

Datasheet

D head for reliability of performance

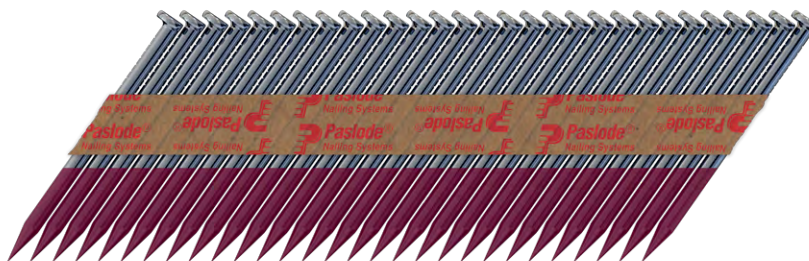

Higher tensile strength for easier removability

Bright finish for internal use only

Hardened for durability through installation

Conical point for drivability into concrete

Extended tip design reduces damage & increases holding power

INTRODUCING RFID TECHNOLOGY

FrameMaster NightWolf integrates smart Radio Frequency Identification (RFID) technology to provide an accurate fuel level indicator and optimises fuel mixture - ensuring maximum power, performance, and reliability across all temperature conditions.

PASLODE FRAME PROP NAIL

55MM SPECIFICATIONS

Specification	Value
Product Code	NW101
Dimensions	55 x 3.06mm
Head Type	D Head
Shank Type	Smooth
Material	Hardened Steel
Finish	Bright
Pack QTY	1,000

60MM SPECIFICATIONS

Specification	Value
Product Code	NW102
Dimensions	60 x 3.06mm
Head Type	D Head
Shank Type	Smooth
Material	Hardened Steel
Finish	Bright
Pack QTY	1,000
